DATA CARD DESCRIPTION:

Tap into new homeowners by Language Preference — Compiled from a variety of public and proprietary sources, this list offers the most recent new homeowner data currently available. Our Language Preference New Mover Household Database is a comprehensive source of various language speaking individuals who have recently located to a new residence. This database identifies specific individuals who converse in their preferred native language. Pin-point this valuable market for offers like home equity loans and mortgage refinancing, credit cards, home improvement and maintenance services, catalogs and much more.

COMPANY DESCRIPTION:

Goldleaf Data delivers power to your company.

Power to acquire new business by reaching new connects faster – with the most affordable business and consumer data in the market. That is the Goldleaf Data difference.

The truth is, Goldleaf Data is unlike any other new mover data company you may have tried before. We are a data originator, not a data reseller, which means we get our data – both consumer and business new connect data – **directly** from the telecommunications providers (Telcos). This makes our data fresher and more accurate. The difference Goldleaf Data makes is unmistakable.

Fresher Data. Faster Data. Better Data.
